

Product Datasheet

Part Code: 10-400-100-01

IRD66 Infrared LED Illuminator

The IRD66 is an IP66 waterproof IR LED light for external use on vehicles and rolling stock. It has a narrow beam angle to maximise illumination of target areas at distance.

Key Features

- IR LED 65EA
- IR LED Distance 65M
- Snap lock quick fit IP66 connectors
- Covert IR LEDs 840Nm
- Narrow beam angle - spot
- Hi-strength Di-cast aluminium housing for durability
- Low power consumption

Specifications

IR LED	65 EA @ 840 Nm
IR LED Distance	65 M
Input Voltage	DC12V (±10%)
Power Consumption	IR On : 650mA (MAX)
Opertaing Temp / Hum	-10°C ~ +50°C / MAX 90% RH
Storage Temp / Hum	-20°C ~ +60°C / MAX 90% RH
Dimensions	108mm x 140mm
